Text	Carnegie Learning: Integrated Math I 2nd Ed. ISBN: 978-1-68459-282-1	Resources	Khan Academy

Integrated Math I is the first in a series of three integrated math courses. This course emphasizes linear and exponential expressions, equations, and functions. This course also focuses on geometric congruence and interpreting linear models from quantitative data. Students continue their learning and understanding of categorical and quantitative data. Students are also introduced to reasoning with equations by solving systems of equations in two variables. The advanced honors course will substantially exceed the content standards and learning expectations in the Integrated Math I honors course. Students will take the TNReady Integrated Math I exam.

Classroom Norms

1. Must come ready to learn.
2. Must be respectful to everything and everyone.
3. Must strive for success.
4. Must follow the school rules.

Classroom discipline will be dealt with individually and with the eventual help from home and the Principal's office, if needed. No student will be allowed to interfere with the educational pursuits of any classmate.

Supplies: 1.5" Binder, Folder, notebook, loose leaf paper, pencil, Glue Stick, Scissors, dry erase markers, ruler, compass and protractor.

Graphing Calculator(recommended) TI83 or TI84.

- Desmos is a free calculator that can be accessed on computers, tablets and phones.

[Desmos Test Mode App](#) (Downloaded on the device - may be used without internet access)

Grading Policy

You will be assessed on the following: Homework, quizzes, tests, writing assignments, notebook, projects, and class participation.

Other: Homework/Problem Sets/Test Preps/Misc **30%**

Assessments: Tests/Quizzes **70%**

Note: Class participation will be averaged in with Homework

GRADING SCALE: A= 100-90 B=89-80 C=79-70 D=69-60 F = Below 60

***Note: At the end of the 1st Quarter, students who score below a 7 on the Eligibility Rubric will be moved to their grade level math class. After Quarter 1, there will be no further movement.**

Homework

Homework will be assigned daily. The **purpose of homework** is to give you **practice** using the concepts and ideas presented during the lesson. It also serves as **an indicator** to you and me of your comprehension of the lesson. It is very important that you attempt to successfully complete each assignment. Homework will be graded on a 10pt scale.

Problem Sets/Tasks

Throughout the month, I will hand out problem sets/tasks which consist of questions from the lessons. The problem sets/tasks will be collected a few days later for points. These sets are supplemental to the homework assignments.

Quizzes

Quizzes will be given on a regular basis. Generally, they will not be given the same week of a test. Some quizzes will be announced while others will not, so be ready!

Other Policies

- ❖ **Please** be in your seat ready to work when the bell sounds. Remain seated at the end of the period until you are dismissed. Absolutely no standing at the door waiting for the bell to ring!
- ❖ **Please do not** ask to leave the room except in the case of an emergency. Excessive need to use the bathroom or go to your locker will not be tolerated. Students that abuse the privilege will lose the privilege.
- ❖ **Please be Honest in everything you do!** Students who copy other students work will be given a zero for the assignment and their parents will be contacted. Students who give or receive information on tests or quizzes will receive a "0" on that particular test or quiz and will have their parents notified. This applies to students who talk after completing a test or quiz while others are still working. At the discretion of the teacher, partial credit may, in some cases, be assigned for resubmitted work.
- ❖ Please turn all assignments in on time. Late work will be accepted at the teacher's discretion. And, points may be deducted from the grade of the assignment. **Assignments given with 2 or more days to complete, including major projects, will not be accepted late.** (Computer problems, such as no ink, no paper, computer crashed, wouldn't print, etc. will not be accepted as an excuse.)
- ❖ Sharing calculators is not allowed. Students sharing calculator during a quiz, or test will be disciplined; it will be considered as cheating and handled as such. **Cell phone calculators may NOT be used at any time.**
- ❖ **Please** do your part in keeping the room clean and neat.
- ❖ **Please** be respectful. When someone else is talking, you are to listen. There are appropriate and inappropriate times for talking in the classroom.
- ❖ **Please** respect the property of the school, the teacher, and your classmates.
- ❖ **Please** keep cell phone hidden. **Cell Phone usage is not allowed** without teacher permission except for educational purpose. They must be kept out of site.

Disclaimer: The instructor reserves the right to adjust this course syllabus as needed.

Special Note: I am here for you. If you need any help, don't hesitate to let me know!
